Statement of Significance The Hotel was built ca. 1900 by George White and has had a variety of owners throughout the years. The structure is one of the few hotels that has been in continuous use since it was constructed for that purpose. It was purchased in 1909 by Daniel Munro and longtime proprietor Edwin Wright purchased the building in 1913. M. E. George operated a grocery in the building.

Description of Physical Appearance This is a rectangular, three-story wood frame structure of utilitarian design. The flat roof is tarred and has a prominent cornice; the walls are clad with stucco, which is covered on the front (south) and east facades by asbestos shingles. Spanning the front facade of the first story are eight storefront bays with stucco columns, multi-paned plate glass windows with wooden frame, and wooden doors with large glass panes. A central double door leads to the stairway to the upper floors. The original transoms remain largely intact under asbestos shingling. The upper stories are lit by rows of paired double-hung sash with one-over-one lights and newer storm windows, and a door on each floor leads to the fire stairs on the east wall.
